

# BEASTLY26

## Social Story

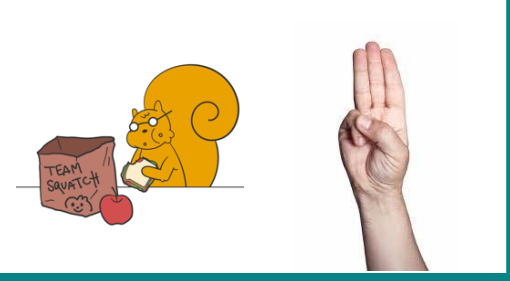

I get ready for my day at Beastly & arrive at the entry point to meet my leader/friends.

I use my lanyard to find my timetable for the day including activity times.

I'll move around the field into different zones, with different activities in each, following my timetable.

In the middle of the day, we will have lunch and come together as a big group to celebrate Scouting and Girlguiding or head for the Inclusion hub.

I'll then be able to do more activities.

If I am unhappy, I can sit on the quiet bench & a volunteer will help me or take me to the Inclusion hub to feel happy again.

When I'm happy I will return to my activity.

At the end of the day, I will go back through the entrance and wait for my grown-up to pick me up.

You can find all the activities on the next page split by their zone. You'll also be able to find more up-to-date information on Facebook ([facebook.com/BEASTLY](https://facebook.com/BEASTLY) - Scouts and Girlguiding) as we approach the day!
